

# NATURALsphere

## 4 specific formulas to act in synergy with BIOsphere.

Our bioactives are made up of pure sweet almond vegetable oil that acts as a vehicle to enhance the 5 other carefully selected essential oils to stimulate the properties of each treatment. A natural ritual that awakens the senses and combines the benefits of nature and technology.

### NATURALsphere features:

- High concentration of active ingredients.
- 100% high purity vegetable oil + 5 certified essential oils and chemotypes.
- Synergies specifically studied for each objective.

1

#### ANTI-CELLULITE

Sweet almond, Cinnamon, Grapefruit, Mint, Rosemary, Juniper.

2

#### ABDOMINAL FAT

Sweet almond, Juniper, Rosemary, Cypress, Cinnamon, Mint.

3

#### REMODELLING

Sweet Almond, Olive, Argan, Jojoba, Rosehip, Sesame.

4

#### TENSION RELEASE

Sweet almond, Rosehip, Mint, Cypress, Eucalyptus, Juniper.

## NOVASONIX, YOUR TRUSTED PARTNER

Novasonix is a Spanish company with a long history in the health, beauty and medicine sector. Our more than 10 years of experience in the manufacture of medical-beauty equipment has led us to having a presence in more than 12 countries, basing our growth on trust, results and professionalism.

Our main aim is to offer maximum innovation in technology by constant investment in R+D to develop our own patents, such as the current CBA or NSX method, backed by the most stringent ISO quality certifications.

Our customers are another of the main pillars of our company, and for this reason we have developed the Novasonix Partners plan. This is a universe of services we offer to our customers so they can have everything from marketing services to continuing training.

We manufacture in Spain

High profitability

Technical support

R+D: Our own patented technology

## THE REMODELLING BODY RITUAL THAT AWAKENS THE SENSES

Reduction of VOLUME

Totally ERGONOMIC

Unique with SLAAG MOTION

novasonix

## The remodelling body ritual ... that awakens the senses!

BIOSPHERE is a **100% natural massage** system with "SLAAG motion" rotational movements that rhythmically knead the body from the epidermis to the deep muscles.

BIOSPHERE manages to provide more power and depth than conventional manual treatment, resulting in an exponential increase in the desired physical and aesthetic effects. Its smart 45-sphere head with integrated control offers a 100% natural method with all the latest technological benefits.

BIOSPHERE is also entirely ergonomic. It adapts perfectly to the body shape during treatment, meaning you can use the equipment all day without suffering any muscular overload, while protecting your main work tool: your hands. BIOSPHERE is the first mechanical body reshaping system that works naturally.

The BIOSPHERE massage system uses the muscles as part of the active resistance of the musculoskeletal complex, stimulating its white and red fibres, and achieving optimal muscle tone thanks to the rotational action.

### Advantages of BIOSPHERE over conventional massage:

- Controlled working depth.
- Constant and adjustable kneading rate.
- Optimisation of the results and benefits obtained.

The synergy of the SLAAG motion actions extends the BIOSPHERE treatment benefits, providing:

- **CIRCULATION:** The rotation and compression promote the proper functioning of the circulatory system.
- **DRAINAGE:** the combination of rotation and sliding actions act on the lymphatic system to remove excess fluid.
- **ANALGESIA:** Reduces pain and inflammation.

The different pre-set BIOSPHERE programmes provide you with non-invasive solutions to various needs. Some of the immediate benefits:

- Stimulation of lipolysis.
- Reduction in cellulite.
- Improvement in circulation.
- Activation of the muscular system.
- Tension release.

- Tones the tissues.
- Drains and detoxifies.
- Reduces pain.
- Reduces inflammation.
- Improves skin condition.

REMOVES FAT MARKS / IMPROVES CIRCULATORY SYSTEM / ACTIVATES THE MUSCULAR SYSTEM

BIOSPHERE can perform the following specific treatments depending on the objectives:  
 • LOCALISED FAT / CELLULITE • TONING • TENSION RELEASE • CIRCULATION • FREE

#### 1. LEG TREATMENT

- Edematous cellulite
- Fibrous cellulite
- Trochanter

#### 2. GLUTE TREATMENT

#### 3. ABDOMINAL TREATMENT

- Localised fat

#### 4. ARMS TREATMENT

#### 5. CIRCULATION TREATMENT

- Body

#### 6. BACK TREATMENT

## Advantages of BIOSPHERE The only device that adapts to you!

- **Fully ergonomic:** We know you spend many hours using your body and hands to perform treatments. This is why we have designed a tool which is an extension of your hand and is your best ally in your daily work.
- **The SLAAG MOTION 400 biomechanical action** manages to provide more power and depth than conventional manual treatment, which translates into an exponential increase in the benefits achieved by conventional massage.
- The **deep massage** performed by the BIOSPHERE rotary action achieves optimal muscle tone immediately.
- **Great versatility:** You can carry out various treatments, expanding the services you offer with a single device.
- **Usability:** intuitive screen and software for easy equipment handling.
- **Profitability:** We offer you the latest technology with the most reliable results, in fewer sessions and at competitive prices.

## TECHNICAL FEATURES

**Screen:** 10,1" touch screen capacitive

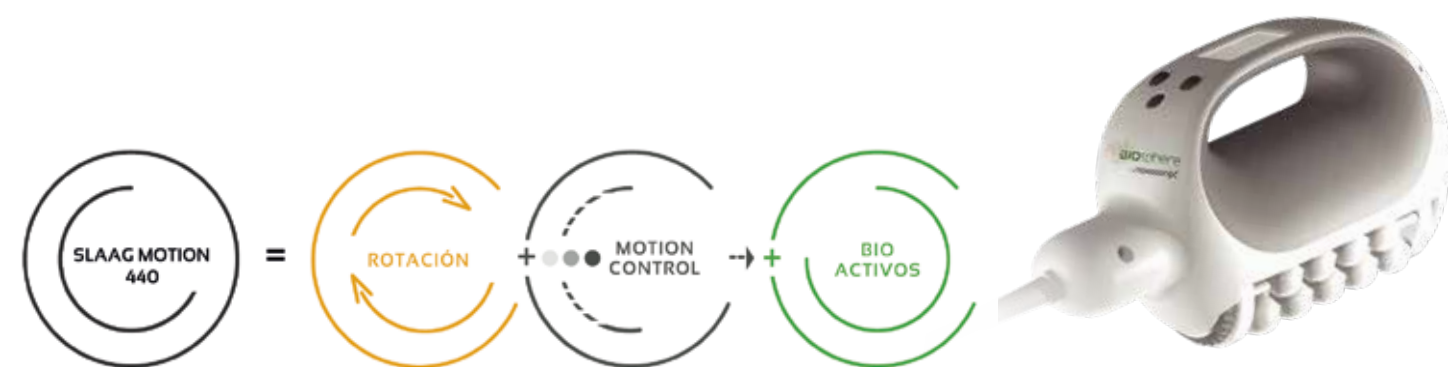

**Input voltage:** 100-240 V

**Frequency:** 50/60 kHz

**Max speed:** 400 rpm

**Spheres:** 45 Teflon balls

**Weight:** 15 Kg.

The rotational motion developed by NOVASONIX for BIOSPHERE is based on a biomechanical rotational action with motion control called SLAAG MOTION 400, which synergises the NATURALsphere bioactives.

### ROTATION ACTION

Its rotary movements act on specific receptors in our body, stimulating it and providing greater oxygenation.

### MOTION CONTROL ACTION

Its smart 45-sphere head with integrated control provides a maximum speed of up to 400 revolutions per minute.

### BIOACTIVES

NATURALsphere essential oils developed exclusively for BIOSPHERE, made with natural vegetable oil combined with a selected group of pure, specific and proven active ingredients for each therapeutic beauty treatment. Combats pain, reduces inflammation, eliminates flaccidity and reduces cellulite, among other benefits.
