

AN  
ABSOLUT  
MUST-HAVE

**NOVAPRESS** works with a full jacket and trousers that cover the upper and lower body to stimulate circulation, mobilise lymph, and drain fluids and toxins naturally.

The 24 evenly distributed chambers in a fish-scale format guarantee the pressure is distributed uniformly over the treatment area, thus preventing pressure loss and ensuring maximum efficacy.

## Two garments designed to guarantee **maximum comfort and efficacy in each treatment**

- Easy-to-clean, durable materials
- Three different zips to ensure the garments fit every client
- Internal wiring system
- Two separate plugs to connect the garments to the device

### TROUSERS

Cover the abdominal area to the feet. Feature an exclusive fastening system that adjusts to the shape of the feet for greater comfort.

### JACKET

Covers the entire upper torso, from the hands to the shoulders, including the back.

The jacket is an optional accessory not included with the device.

## TREATMENTS

- Improving the appearance of cellulite
- Mobilising and draining lymph
- Reshaping
- Improving fluid retention
- Pregnancy treatments
- Relaxation treatments
- Pre- or post-workout
- Toning arms

**POWERFUL  
AND SAFE**

	Maximum consumption	180 VA
	Fuses	2x4 amps 5x20mm
	Operating pressure	30 mbar – 120 mbar
	Pre-set programmes	Yes
	Customisable programmes	Yes
<b>Garment features</b>	No. of chambers	24
	Possibility to deactivate chambers	Yes
	No. of zips	3
<b>Physical features</b>	Dimensions (without stand)	400 x 400 x 250mm
	Dimensions (with stand)	532 x 482 x 1189mm
	Weight (without stand)	12.5kg
	Interface type	10.1" screen

Where beauty meets technology

We are truly passionate about beauty. We believe the skin is the best way to achieve it; the gateway to highly accurate care on the inside to gain maximum radiance on the outside. That is why we use all our expertise with a single goal in mind: to treat each body in a unique way to achieve the health and beauty it deserves.

All our devices use safe, cutting-edge and non-invasive technologies to meet the needs of the most demanding beauty professionals and their customers. Proof of this is our continuous investment in RD&I and our endless desire to innovate and create our own patents.

Our medical-aesthetic device manufacturing expertise has led to a presence in more than 20 different countries, with our growth driven by trust, results, professionalism and the guarantees of leading European quality and manufacturing certifications.
